How much is your data worth?
We'll make it worth even more with an instant rebate on a wide array of servers.

[» Government savings with Specials & Promotions](#)

It's 5 o'clock. Do you know where your data is? If you have more than a few people who need to share documents, access email, connect remotely, and have data on their PCs that need to be backed-up, you need a server. Now until the end January, we're offering a \$250 instant rebate in your cart on select servers. Peace of mind just got more affordable.
