Spend more time
preparing students to
take on **future challenges.**

Transform your campus' infrastructure into a more responsive system that won't strain your staff or your budget. As your infrastructure builds across departments, so does your problem with server sprawl. The award-winning HP ProLiant BL30p Blade Servers, powered by the **Intel® Xeon™ Processor**, can revamp your underutilized, complex system into one that's cost-effective and easily managed.

HP ProLiant BL30p Blade Server **\$2,302** Part #: 354050-B21

- Intel® Xeon™ 3.06GHz/512KB Processor
- 1GB of Advanced ECC PC2100 DDR SDRAM DIMM Memory Kit (1 x 1024MB)
- Two (2) NC7781 PCI-X Gigabit NICs (embedded) with WOL and PXE
- (1) additional 10/100T network adapter dedicated to Integrated Lights-Out (iLO) Management
- Warranty - 3 years - parts, labor, onsite - next business day†
